Fund*

**Because All  
Lives Matter!**

# Precious Paws Animal Rescue created the **Oscar Fund** to help sick, injured, or abused animals that might otherwise be euthanized due to lack of funds.

Oscar was found in the garbage by a sanitation worker picking up trash. He had suffered a fractured skull from a blunt object, sealed in a trash bag, and left to die. Fortunately for Oscar, the bag broke loose, and Oscar was taken in by Precious Paws and treated for his injuries. Today, Oscar lives happily spoiled in his adoptive home. We named this fund in his honor for his will to live and for the tremendous inspiration he gave us all with his gentle disposition in spite of the abuse he suffered at human hands.

The Oscar Fund is designed to help pet owners and veterinarians faced with difficult choices when a pet requires unexpected, expensive care that the owner cannot afford. Oscar's Fund helps pet owners who find themselves facing the painful choice of having to euthanize, compromise on care, or give up a pet because they are unable to afford unexpected expenses such as emergency medical care.

The animals in these photos are animals we have assisted with the Oscar Fund, and most remain in their homes because of it.

We also use our fund to assist unowned animals who are injured and are in need of treatment but have no known owner to help them. Precious Paws does not believe that an animal should lose its life simply for the lack of money for medical care. For many of these animals, the Oscar Fund offers the only chance they have at finding a new home. We think they are worth it...but obviously we can only save as many of them as we can afford.
